

# Technical specifications

LELY CALM	Compact C	Vario VH
Powder feeder, Fresh milk feeder, Combi feeder	S	S

## Standard equipment

Heat regulation controlled by feed temperature	S	S
Boiler and heat exchanger with electronic heating control	S	S
Circulation pump in the heat exchanger	Combi	Combi
Fully-automatic heat exchanger cleaning	O	Profi S / O
Detergent dosing pump	O	Profi S / O
Hand-held terminal with 2 m cable and 8-row graphic display	S	S
Stop valve for one suction station	S	S
Mixer draining valve	O	S
Hand-actuated feeding pump	S	S
Milk powder hopper with protective grille	Combi & Powder	Combi & Powder
Mixer jar sensors with 0.25 L point electrode	S	S
Mixer jar sensors with 0.50 L point electrode	X	S
Automatic water flow measurement	X	S
CAN-Bus interface for external communication	S	S

## Most popular accessories

Concentrate feeder	O	O
Precision doser for powder additives	O	O
Dosing pump for liquid additives	O	O
Powder hopper expansion to ca. 50 kg	X	O

S = STANDARD

O = OPTIONAL

X = NOT AVAILABLE
