

FENCEPRO Ultra G2

“So fast and easy to use”

FENCEPRO Ultra G2

Standard Features

- 4.5 metre hydraulic hinge mast
- 6 Bank Valve (2 spare ports)
- Hydraulic top link and side tilt
- 350 mm mast shift
- 270 kg block with nylon slides
- Height adjustable feet
- 75 mm diameter mast pivot
- External pressure relief valve

Options

- 300 kg block upgrade
- 420mm and 900mm side mount unit options
- 4.8 metre Hydraulic hinge mast
- Rock Spike Extractor system (RSE)
- Hydraulic auger system to fit RSE
- Hydraulic auger system without RSE
- Ultra hydraulic post lifter
- Ultra side mount leg roller

The Ultra G2 has a compact transport position, and the mast is quick and safe to fold.

Farside mounted Hydraulic turn RSE with 90mm spike

The Ultra G2 RSE now has three mounting options available;

1. Operators side manual swing
2. Operators side hyd actuation
3. Tractor side hyd actuation

The Fence-Pro Ultra G2 has proven to be the professional fencing contractors first choice of post driver. This is mainly due to the fact that difficult fencelines are handled with ease and safety and posts are quickly and accurately positioned.

The vast number of options available for the Ultra G2 means each operator can set up the rig to suit their fencing style and local terrain and soil types.

The Ultra G2 is capable of extreme mast angles, for steep country. For more information, contact the FENCE- PRO team directly.
